- 12:45 pm **Child Care Ends**

At Leadership Training School

Hands-on Mission Project

We are also asking that everyone bring items to support the hands-on mission project of creating First Night Bags to be donated to T.E.E.M.

The goal of the “First Night Out” care package is two-fold: first, to celebrate the individual’s release from incarceration, and second, to make him/her feel comfortable, cared for and loved. The care package shows the individual that members of the community care about his or her successful reentry, and aids in making the transition from incarceration smooth. The “First Night Out” care package contains the essential items to make an individual’s first night after release comfortable and safe. The items the care package should contain are: Restaurant/fast food gift cards, healthy snacks, canned goods/basic food items, towel, blanket, hygiene products (shampoo, conditioner, body wash, toothbrush, toothpaste, hair brush, deodorant, etc.), sleepwear/under-garments (TEEM provides work attire) book/reading materials, pillow, backpack/gym bag/small suitcase/other reusable bag, transportation, accommodation (bus pass, gas card, Visa card, etc.)
