

BIRDS OF THE AIR & FISH OF THE SEA

Every creature has an important role to play in God's Creation.

Supplies:

- Uncoated paper plate
- Paint for fish- crayons or colored pencils may also be used in place of paint
- Paint for bird- crayons or colored pencils may also be used in place of paint
- Feathers
- Sticky eyes or wiggle eyes
- Black marker
- Scissors
- 2" piece of ribbon
- Glue
- Orange card stock triangles- one small for beak and one large for fin
- Optional: hole punch, ribbon/string for hanging

Instructions:

- Cut the paper plate in half.
- Paint or Color the two plate halves a different color. Let them dry completely.
- Use the other craft materials to make the paper plate pieces look like a fish and a bird. For the bird, glue the wiggle eye and the small beak triangle to the plate. Then glue a small feather to the front of the plate as a wing, and a larger feather to the back as a tail.
- For the fish, glue a wiggle eye. Glue a large triangle on the back. Using a black marker, draw a mouth and gills on the fish.

- Turn both pieces so that the back side is facing up. Glue the 2" piece of ribbon on the back so that it connects the bird and the fish.

- If desired, punch a hole at the top of the bird. String a ribbon through for hanging the craft.

“Let the water swarm with living creatures, and let birds fly above the earth across the expanse of the sky” (Gen. 1:20).
